

PUBLIC LEDGER

WEEKLY REPUBLICAN—1897.
DAILY PUBLIC LEDGER—1892.

MAYSVILLE, KY., TUESDAY, JUNE 23, 1903.

ONE COPY—ONE CENT.

"LONG COMES 'LIZA WITH THE BROOM.
Just as soon's I got to playin'
Noah's ark or train of cars,
Out there in a nice warm kitchen,
Trouble's in for me—my stars!
'Long comes 'Liza with the broom;
'Look out now, I've lots to do;
Clear your duds out of my way—
Can't be bothered here by you!"

Then I think I'll try the stoop;
So I move as meek's a lamb.
Get to playin' nice as ever—
Out comes 'Liza's broom kersium!
'Come, now, boy—you're in my way!"
Out she flies. "I've got to sweep!"
My Noah's Ark, my cubs and me
All go tumbling in a heap.

"Want to sweep me off the earth?"
That's how I talk back to her;
But it's not a mite of good—
'Liza comes with such a whirr,
Sweepin' dust right in my face,
'That I have to cut an' run,
Glad to hurry from a place
Where there's not a bit of fun.

When I have a little boy,
He shall play just where he likes,
Litterin' up the kitchen floor
All he wants to, makin' kites,
Pastin' scrap-books, playin' cars—
Jolliest place in all the town;
There shan't be a 'Liza then
Always bossin' my boy round!"

The charges that American officers looted
Public Buildings in Manila after the surrender
of the city in 1898 have been revived and may
possibly lead to a formal investigation. Re-
cently the authorities endeavored to locate cer-
tain pictures and art objects belonging to the
Municipal Museum, and the inquiry showed they
had been given to a Filipino to take care of after
the surrender. The Filipinos offer to prove
that some officers received the pictures, and it
is claimed that a former staff officer abstracted
a silver service from the Malacanang Palace.
The Government may ask the War Depart-
ment to investigate the matter.

His Last Hope Realized.

From The Sentinel, Gelo, Montana.

In the first opening of Oklahoma to settlers in
1899 the Editor of this paper was among the many
seekers after fortune who made the big race one
fine day in April. During his traveling about and
afterwards his camping upon his claim he en-
countered much bad water, which, together with
the severe heat, gave him a very severe diarrhoea,
which it seemed almost impossible to check, and
along in June the case became so bad he expected
to die. One day one of his neighbors brought him
one small bottle of Chamberlain's Colic, Cholera
and Diarrhoea Remedy as a last hope. A big dose
was given him while he was rolling about on the
ground in great agony, and in a few minutes the
disease was checked. The good effect of the medi-
cine was soon noticed and within an hour the pa-
tient was taking his first sound sleep for a fort-
night. That one little bottle worked a complete
cure and he cannot help but feel grateful. The
season for bowel disorders being at hand suggests
this item. For sale by Jas. J. Wood & Son, Drug-

TO THE FARMERS!

OF MASON COUNTY AND ADJOINING TERRITORY!

We take this method to announce the Old Gold Mills of this city will again be in operation on July 1st of this year.

It is now undergoing extensive repairs preparatory to handling the 1903 crop of wheat advantageously.

Just here we will state that it is our intention to cater most especially to the farmers' exchange trade, and that we will be prepared to give in exchange better and more flour and feed than any mill has ever given in this city.

The mill will be in charge of practical mill men of many years experience.

Knowing as we do that the people of this territory require an extra high grade flour, it is our intention to give in exchange for wheat a strictly high grade straight flour; that is, whole wheat flour, only bran and sufficient amount of low grade stock being eliminated to give it the color that will rank with the best flour sold on the market.

Our corn meal plant will be second to none in this territory. We propose to grind your corn for one-sixth, not one-third or one-half.

Experts Not Necessary For MINNIE!

READ MR. ELLIS'S TESTIMONIAL!

Minnie is as Simple as She is Beautiful!

ST. STEPHENS, OHIO, June 19th, 1903.

To Whom It May Concern: This is to certify that I bought a Minnie Binder this year and started it by myself without any experts. The Minnie is so simple that any one can start his own Binder. You don't need any expert with the beautiful Minnie.

The Minnie Binder is the lightest draft Binder that I ever saw and it is the strongest built Binder that was ever made. I have known Minnie Binders to last 18 years. The Minnie is a beautiful machine. The anti-trust binder is surely the one for all us farmers to buy. Hurrah for the beautiful Minnie!

T. J. ELLIS.

GRANGE CITY, Ky., June 19th, 1903.

To Whom It May Concern: This is to certify that I this day run a Minnie Binder using Grass Twine in wheat on my farm and found it all that it was recommended to be. Grass Twine is positively a success. It never missed a bundle and is non-chokable. In short, it done as good work as I ever saw any Binder do, and was very light draft, having no neck weight or side draft. With the Grass Twine Minnie, over one-half the twine bill is saved and I like the twine very much better. Hurrah for the Minnie—the anti-trust Binder.

AIR FOR FUEL

Was your attention ever called to the fact that the burners of a good Gas Range, such as the Detroit Jewel, sold by the Gas Company, mixes and consumes for your use in cooking gas and air in the proportion of:

1-8 GAS
7-8 AIR

Over twenty Gas Ranges installed during the month of May—sold faster than they could be connected up—and every purchaser delighted.

GAS RANGES!

AT ACTUAL COST!

The Gas Company, if so desired, will make a written agreement with any purchaser of a Gas Range during the month of June to the following effect, to wit: That if said purchaser on the 1st day of August shall come to the Company and say that they are dissatisfied with the use of their Range, that it will not do their work as represented, or that the cost of using same is too great for them to afford to continue its use, then, in that event, the Gas Company will take the Range off their hands and refund any money paid upon its purchase price. See the Gas Company or Larry Langfords and learn the liberal terms upon which these Ranges are sold. You cannot afford to be without one.

Comfort for Stock

Stock which escapes the annoying attacks of flies and insects is the most thrifty. Next to disease, these pests harm more than anything else. No form of insect life can possibly annoy stock which has been sprayed with

Fly Killer Oil.

It is certain protection. We know of nothing that can be relied on more thoroughly. Its use keeps stock comfortable and healthy. Is perfectly harmless—does not injure hair or skin.

Price, \$1 Per Gallon.

THE SPRAYERS which we supply are simple in construction, cannot get out of order and are low in price. They are the best for spraying stock, trees, plants, etc.

A novel trip is in early prospect for the guests of John W. Parmalee, whose new steamer, the Fortuna, is nearing completion at the yard of the Marine Iron Works, Chicago. The vessel which cost \$30,000, is built for river navigation, and her first cruise will be down the Mississippi to New Orleans. The Fortuna is 103 feet long, with 30 feet beam. She is built on the "skimming dish" plan, and draws only twenty-two inches. The boat is a sternwheeler. Government inspectors have measured the craft and give her a gross tonnage of 150. She is licensed to navigate Lake Michigan at a distance of not ten miles from shore and for the Mississippi river as far as New Orleans. The vessel will carry fifty persons.

WEAK, IRREGULAR, PAINFUL HEARTS

Sometimes the heart grows irregular—is the seat of pain and pressure. People are apt to think it due to some organic or structural disease of that organ, when the cause is comparatively simple—a weakened motor power—a trouble wholly due to the nervous system, perhaps aggravated by a nervous dyspepsia. Put the nervous system right—give it strength and tone—supply through its medium the heart with power and the stomach with digestive juices and the trouble fades like snow in a summer sun. It is for this wonderful power Dr. A. W. Chase's Nerve Pills are world famous.

Mr. Thomas Maher of No. 212 Lee street, Mayville, Ky., says—
"I have been a sufferer for some time from heart failure and acute nervous indigestion. Hearing of Dr. A. W. Chase's Nerve Pills I got a box at Chenoweth's Drugstore and now I am pleased to say the pains in that region of the heart have disappeared completely—its action is strong and regular and appetite is fine. I can recommend this medicine very highly as safe, reliable and certain in such affections."

CLOTHING TALK!.....

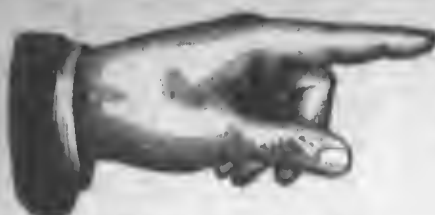

There is something about the Hart, Schaffner & Marx Clothing for which you may identify them even more certainly than the label. It goes into them before the label. It is a style a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McManara, is the only one in the city's paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.

J. WESLEY LEE,
Cor. Second and Market Streets, MAYSVILLE, KY.

OUR LOW PRICES!

Should be incentive enough to prompt everybody to buy. Profit is abandoned, cost and value utterly disregarded. Every consideration, except quality, is secondary to selling. We want to move as few goods as possible, we want pristine freshness to dominate our new store, we want that store to inaugurate a new era in Maysville merchandising and we are bending every energy now to accomplish that. One means is the disposal of our present stock. Our losses now will prove gains later, because our low prices without any sacrifice of quality, are strengthening old friends and making new ones.

VOILE BATISTE

39c a Yard.

These attractive Voile Batistes are all wool, 40 inches wide and in appearance closely resemble the imported goods that cost double. Manufacturers have caught the knack of weaving them to produce the same effect seen in costlier goods. Sheer fabrics lead in popularity this season, as of course you know, and Voiles head the procession. These are in attractive colorings in soft tones of reseda, blues, tans and a rich black. We told you of them yesterday but they are well worth repeating. Were 59c a yard and cheap at that, now only 39c.

DOOR PANELS 35c.

They were 50c. Strong net with pretty, applied designs. Sizes for any door. Panels keep clean longer than curtains—no folds to harbor dust.

NIGHT GOWNS 75c.

In a come-again quality at a come-again price. Careful women are not attracted by low price unless they know for what it stands. The clientele of Hunt's would not be interested in muslin garments cheaply made. We have chosen three styles from our dollar gowns to give you the biggest value you've ever had for 75c.

No. 1. Low neck, with dainty, hemstitched elbow sleeves.

No. 2. Hemstitched yoke with tucks of two widths, hemstitched collar and sleeve ruffle of nainsook.

No. 3. Yoke of openwork Swiss insertion, scalloped outline finished with braid stitching, hemstitched nainsook ruffle at neck and sleeves.

WOMEN'S

Walking Skirts

Just clearing the ankle---hence long enough to make graceful lines possible. All women need them, and wear them and if they are not possessors they want to be. Long skirts too, if you prefer them and both sorts at marked reductions. To buy such handsome, stylish, new Walking Skirts at a saving of more than one-third, just at this time, is like finding so much money. You can do that now thanks to this offering of

\$5.50 SKIRTS FOR

\$3.90!

There are a few, about one dozen $\$6\frac{1}{2}$ skirts in the lot. Of course these skirts are thoroughly stylish---smart and new. Satisfying garments suitable to wear with any shirt waist. In blacks, grays, blues, browns. Kerseys and cheviots, trimmed in stylish pleats, handsome cording, or smart stitching. And the broad selection adds much to the real economy of the price.

SHIRT WAIST SETS.

Every one in the house at half price. Pearl, copper, enamel, oxydized, hardly a sort missing. Some sets come three, some four, a number have belt pins. You can have a set to match every waist when the cost is so marvelously small. We know such price clipping taxes your credulity, but we're not propounding problems in abstract science, we're dealing in the obvious. You can readily prove our every statement. Apply the test to these 50c sets 25c; 25c sets 15c.

CORSETS.

In our efforts to serve our trade, with the best goods in the market, we have to look at many makes in each line. Corsets are among the difficult things we have to choose for you. We have examined carefully many lines, we have bought and sold many different kinds. New things constantly appear and we investigate. Many lines of corsets are much alike. The name will differ but the style is much the same. Four years ago we found a corset that satisfied our most exacting requirements---it's rust proof, it's carefully moulded, it has a dozen different models to suit different figures, it's made with unbreakable bones and it comes at the popular price \$1. The Removal Sale has reduced that 15%. Today you can buy the peerless P. N. for 85c. Then a word of corsets specially made for us to sell at 50c. No better 75c value can be found---strong batiste, carefully boned, neat Hamburg edge at top, 4 clasp, straight front, medium waist and hip. An unusual 50c value for 39c. All sizes today.

MOHAIRS.

Two chapters in this story and you can determine for yourself which is the better. We can't. We are bending every point toward dispersing the remainder of our dress goods and low price---for quality---is the lever.

White Mohair showered with small black polka dots, 27 inches wide, 39c formerly 59c. Cheap as cotton and far more elegant.

42-inch White Mohair with surface figured in white silk and striped at intervals with black etamine. \$1 was \$1.25.

Nothing New, But No Harm to Tell it Again!

We sell Shoes and lots of them and the principal item to interest the public is that we sell shoes cheaper than regular shoe stores. Handling several departments of merchandise, and doing a big business, we do not depend on shoes only to make a living. Our resident buyer, Mr. F. Hays, is now residing in the biggest shoe market of this country and has chances to get goods right; and we are selling them right.

For Friday and Saturday!

We give extra inducements in our shoe department.
